SECTION – V (LANGUAGE FUNCTIONS:20 MARKS)

50. Read the passage given below and answer the questions that follows: 5 x 2 = 10

It took three long years for my coming into existence, after the idea of a new currency was conceived. I was first conceived and named on January, 1999, when eleven European countries decided to have a new money form i.e. Euro. My value was determined as per the conversion rate fixed by these countries in terms of their own currencies. On 1st January, 2002, I was circulated as currency notes when twelve countries adopted me as their currency. Some countries opposed the idea of using me and initially refused to accept me. But now almost all the European countries have accepted me as valid money. My brother Dollar who is in America, my brother Lira residing in Italy and my sister Sterling were quite jealous of me, but soon they accepted my existence and started respecting me. I now enjoy a place of pride among all the currencies in the world and almost everyone accepts me freely.

Questions:

- When did Euro come into world wide acceptance?
- Euro was accepted without opposition - Is this statement true or false?
- Bring out the sibling rivalry in the family of Euro.
- What is the present status of Euro?
- Who is Euro's sister?

SECTION - II (LANGUAGE FUNCTIONS: 15 MARKS)**8. Make notes of the following passage and prepare a summary using the notes. 5 + 5 = 10**

Oils are of three main kinds - vegetable, animal and mineral oil. Vegetable oil is obtained by crushing oilseeds. Mineral oil is pumped out from deep under the earth. Animal oil is got from the fat of animals. To extract vegetable oil, the dried oilseeds are put in the crushing machine and oil is squeezed out. This is collected in containers. Mineral oil is pumped out by digging oil wells. These are found deep below the ground. Holes are drilled and oil is pumped out or forced out. The crude oil is a source of many useful things. We get kerosene, petrol and diesel out of crude oil. We use most of the vegetable oils for cooking. Mineral oils are mainly used as fuel. Animal oils are used as medicine. For example, shark liver oil is given to strengthen weak children. Neem oil, lime oil and sandalwood oil also have medicinal value.(153 words)
